

Pulau Pangkil – Corporate Enquiries Brochure

The Pangkil philosophy is simple. When you hire our luxury island resort, it becomes yours – exclusively – allowing you to choose:

- Your arrival and departure times
- The allocation of the Driftwood Palaces (villas)
- Any of the stunning locations for your discussions, creative and brain-storming sessions, presentations, team-building exercises and meetings
- When and where you would like your meals

Corporate visitors to Pangkil have included:

- **Saatchi & Saatchi**
- **Japanese Tobacco**
- **Tequila** (an advertising agency)
- **Microsoft** (more than once !)

Mobile phones work (we have a booster) and there is 240-volt electricity around the clock. We can provide projection/white boards and other equipment you might need. We can organize team-building exercises and provide trainers/coaches. Raft-building anyone ?

Pangkil is about 3 hours from Singapore's Changi Airport. The budgetary cost is S\$250 per person per night (including all meals and full use of the facilities).

We own a further six island and are currently building another luxury resort on an island called Suka. This is expected to open in late 2005 and will be ideal for corporate retreats. It has its own website:
