

Pulau Pangkil – General Enquiries Brochure

Our philosophy is simple. Pangkil the island and Pangkil the resort are one and the same so when hired, Pangkil becomes yours, exclusively, including all the Driftwood Palaces (our luxury accommodation), the bar, pool, kayaks, speedboats, kitchen and more than twenty staff ! This is truly "Survivor with maids and butlers".

The journey time (from Singapore) is about 3 to 3 ½ hours. We are close to the equator (therefore very mild monsoons) and entertain guests year-round. The island can only be hired as a whole and for a minimum of two nights (on weekends). You will generally need a group of at least 10 adults.

We can comfortably sleep 25 to 30 people. Children are welcome. All Palaces are literally five paces from a beach !

Costs range from S\$175 per adult per night (for a large group and a midweek stay) to S\$300 per night (peak season). Children are S\$75 per night (midweek).
